

Hello John & Mike,

Here are a few things that went on just last season.

The River School and myself were featured on an episode of **“Arizona Highways TV”** which ran throughout the summer.

*We rode and filmed with **MasterCraft's Rusty Malinoski**, plus the entire **Bodyglove** surf/wakeboard team.*

*And of course, we taught over 300 beginner lessons and 100's of techniques for everything -- behind the **2007 MasterCraft X-2!***

*As always, Thank you to **Calif Skier** & **MasterCraft** for all the help and continued support!*
